

# EDITOR'S NOTEBOOK

Supplement to  
The Colonial Newsletter

Volume 27, No. 3  
Serial No. 77  
November 1987

## ● CNL 1987 ROSTER ●

This edition of The Editor's Notebook contains the 1987 Roster of Patrons of The Colonial Newsletter Foundation. It is the first roster that we have published and contains only those names of persons who have specifically indicated that their names may be included. At the present time our active membership list includes 266 names; only 177 of these are included in the published roster. Thirty three of our Patrons have indicated that they do not want their names published, and accordingly these have been omitted from the listing. The others did not return a copy of our questionnaire and have also been omitted since it is our policy to obtain positive permission before any name is published in the roster.

Those Patrons who have been especially generous and have contributed \$1000.00 or more in cash or equivalent donations during the five year period ending with the current year are designated as Benefactors of the Foundation. Their names are preceded with a \*\*\* symbol but all are not listed since a few indicated NO on the questionnaire or have not replied. Each of us owes a special thank you to these persons -- it is because of their special generosity that we are able to continue to operate the Foundation and to publish CNL at a reasonable cost to each of us. Thank you.

If your name is not listed and you would like for it to be included, please drop ye Editor a note to that effect and we will send you a copy of the current confidential CNL questionnaire. We would like for each member to provide the data requested on our questionnaire because it provides a means for us to determine the specific interests of our Patrons and -- especially -- assists ye Editor in working with you personally by mail, by telephone, or by computer. The questionnaire is now a part of the standard CNL application form and new members fill it out as a part of their initial application. Those of you who have not provided the information in the past are sincerely asked to request a copy so that we may include your replies in our confidential membership database.

If you have a friend interested in early American numismatics a gift membership for 1988 is suggested. The number of pages of modern writings on Early American numismatic research contained in CNL has now passed a total of 1000 and all are available as back issues, and a new comprehensive index is planned for publication during late 1988.

**Patrons who own personal computers are encouraged to communicate with ye Editor by mailing datadisks to us.**

We now have in operation an Apple IIe,  
Macintosh + and an IBM compatible PC.

When sending a Word Processor file, Data Base or  
Spreadsheet in its native language/format, please include  
IN ADDITION

on the disk an ASCII, DIF, SLYK, WKS, PICT or  
other appropriate "universal" format file so that  
in the event we do not have available the particular  
applications program that you use we will be able to read  
the "universal" file into our system.

Most application programs include these file conversion  
functions as a part of the "Print to Disk" feature  
of the program.
